

No Chi-Gr	Title of Project	Chinese Organism	Greek Organism
1/400	Implementation of LNG fuel in commercial ship propulsion plants	Harbin Engineering University	Hellenic Register Shipping
2/134	Photovoltaic plant development, design, construction, operation and maintenance through an intelligent integrated management platform	Chang Zhou Sky Solar New Energy Technology Ltd.	Inaccess Networks SA
3/269/	Development of Low Cost PEM Fuel Cells Based on Novel Low and Non-Pt Electrocatalysts	Sun Yat-Sen University	Helbio S.A.
4/91	Studies on the sustainable pork production with functional properties by utilizing local natural resources and reducing environmental pollution-Green Pork	Huazhong Agricultural University	Aristotle University of Thessaloniki
5/263	Research and Application of Intelligent Technologies for Green Port Development	Ningbo Port Information & Communication Co., Ltd	Center for Research and Technology Hellas/ Hellenic Institute of Transport
6/409/	Bioactive essential oils and other beneficial substances isolated from Greek and Chinese endemic species with health promoting properties	Zhejiang University	Democritus University of Thrace
13/156	Design and Development of Low GI Foods based on sweetening compounds isolated from Stevia rebaudiana cultivated in China and enriched with vitamins A and D	Jiangsu Provincial Center for disease control and prevention-Institute of Food Safety and Assessment	Yiotis S.A. Nutritional Foods Industry
25/396	ENGINEERING OF ENZYMES FOR GENOME MODULATION	Beijing ViewSolid Biotech Co., Ltd	Biogenomica S.A.

39/207	DEvelopment and CHaracterization of CNTs and graphene based advanced thermally conductive ADhesives for microsystem integration	Shanghai Shang Da Rui Hu Microsystem Integration Technology Co. Ltd	Global Nanotechno-logies S.A. For the design, development, production and trading of nanotechnology
78/224	Research on Key Technologies of Geological Disaster Early-warning Geographic Information System (GIS) Platform and Pilot Project (Disaster Data Center development) in Greece	Wuhan Zondy Cyber Science and Technology Co, LTD	Geoset Consultants for the development, Geoset LTD
1/100	Linear-focus concentrating solar collector based on a novel receiver â€™ Development and demonstration	Himin Solar Co., Ltd.	Nobel Xilinakis D. & CO
26/358	Data-Intensive Space Applications on Emerging Massively Parallel Processor Architectures: Performance, Energy, and Dependability Opportunities	Beijing Sunwise Space Technology Ltd.	Hellenic Aerospace Industry S.A.
7/68	Manufacturing an Absolute Portable Transient Hot-Wire Thermal Conductivity Measurement Device for Commercial Use	Xi'an Xiotech Electronic Technology Co., Ltd.	Tessera Systhmata Pliroforikis Anonymos Etairia
32/408	Urban clusters impact on regional Air pollution and climate and generic visualisation software for satellite data applications	Institute of Atmospheric Physics, Chinese Academy of Sciences	Draxis Environmental SA
34/248	CARbon Dioxide CAPture using a novel hybrid MEMbrane/Sorption System	Dalian Institute of Chemical Physics, Chinese Academy of Sciences, China ionic liquid laboratory	Suk Hellas
